

FIVE QUESTIONS FOR THE PREPARATION OF VIDEOS FOR THE ETWINNING PROJECT

- Can you introduce yourself? (name, age, birthday, city and country, brothers and sisters, pets)
- What do you like doing in your free time?
- What type of food do you like or do you hate?
- What type of house do you live in? What is it like?
- Say three words that describe you.

These questions were chosen among many others by a group of 1st year of compulsory secondary education students in Sol de Portocarrero school in Almeria on the 24th November 2017.

Some groups of students from the different partner schools participating in the Erasmus + IHMB project will record a one-minute video answering these questions. These videos will be uploaded on the Etwinning platform when a section of our project is created there.
